A MAP IS . . .

... an accurate schematic drawing to show *where* a place is — it pinpoints roads, buildings, landmarks; no one should travel to an unfamiliar place without one. A map can tell a lot of things about any place: it can show, for example, where the Chatham cafeteria is located, where Benedum Hall is, which road leads into and out of the campus.

P. Chatham

R. Smith

H. Knapp

H. Knapp

R. Smith

A MAP IS NOT . . .

. . . everything, though, for it cannot show *what* a place is — only people can do that. A city is not a city without its inhabitants just as Chatham without its people is a mere collection of buildings. Although the campus is beautiful regardless of season, it is nothing without the spirit infused by the students, faculty, and staff.

Each Woman Has Something to Offer

The important thing about Chatham people is their differences. Some college student bodies look as though they were pressed from identical cookie cutters, carbon copies of each other, from haircuts to shoes. Chatham is not that way — the students are diverse, from backgrounds to interests to facial expressions. Each woman has something to offer that is uniquely hers, whether it is a writing talent, scientific know-how, or a kind word as a freshman counselor.

FACULTY AND STAFF HAVE...

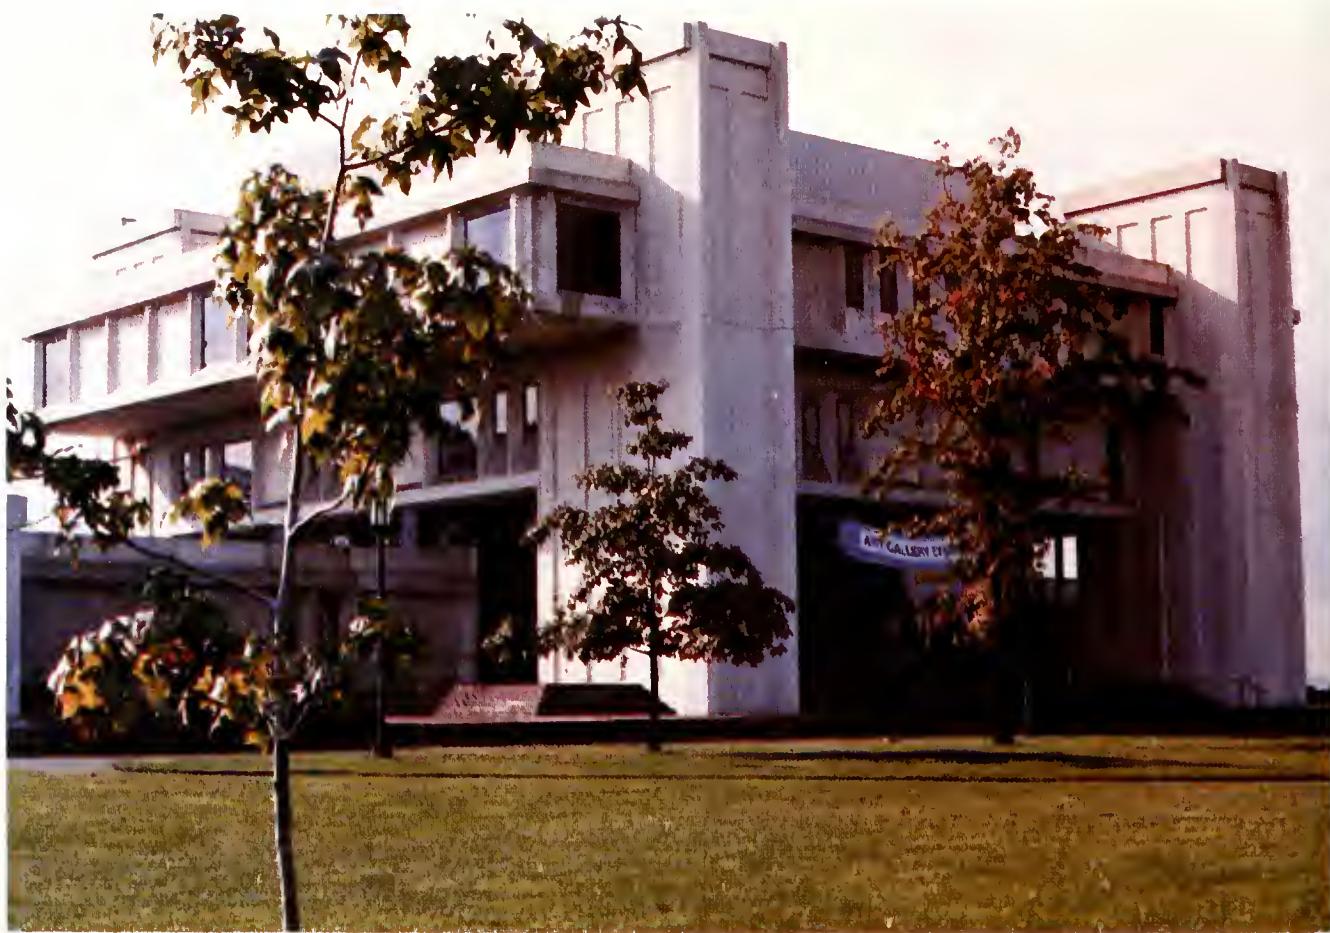

...a unique position at Chatham. Since the college is small, the faculty and staff have close interaction with the students and get to know the women as individuals. Each member of the faculty has an area that he/she can offer unique insights into subject matter, whether it is Shakespeare, Political Behavior or Spanish Literature. The staff, too, has special individual functions and can offer each student things that run the gamut from a listening ear to career planning advice. Above all this, however, is the personal side of the faculty and staff, which, at an institution such as Chatham, many students get to experience. Some members of the faculty are avid tennis players, some are whizzes at backgammon, and most are very happy to share these specialties with others.

S.

A MAP COULD HELP A NOVICE...

...explore Chatham, but one would be at a loss only looking at buildings. In that sense this *Cornerstone* is a map, although it explores more than the quickest route from Fickes to the Library. It is a map of events, feelings and celebrations. It is a human map. The faces are the landmarks, the people the important sites. Chatham is its people and this volume is the proof of that.

S. Colt

S. Colt

S. Colt

One weekend each year Chatham invites all former graduates to visit the campus and the present students. The recent alumnae enjoy talking with friends from their Chatham years or catching up with professors while older alums enjoy reminiscing and viewing accomplishments such as living room renovations or new art shows. All across the campus there is sharing: older alums remembering what it was like "When I lived in Woodland," and present students wanting to know "How long has Dr. Wenneker been here anyway?"

Parents' Weekend is a chance to share with mom and dad the many aspects of Chatham life that may not fit well into letters or telephone conversations. The weekend gave parents the chance to meet with President Arthur, to dine on cafeteria cuisine, and to experience their daughters as part of a different environment.

The basement of Rea was transformed into a haven for rock 'n' rollers when Eddie and the Otters appeared at the Coffee House. The Pittsburgh-based band played favorites of the fifties, sixties and seventies, from Elvis Presley to the Rolling Stones, while Chatham students and their guests twisted and shouted the night away.

Who?

H. Knapp

H. Knapp

Carole Anthony

H. Knapp

According to stories circulated around the campus, particularly in mid and late October, Benedum House is haunted by the spirits of the people who lived in the mansion before it became a college dormitory. Each year the residents of the hall seek to frighten the rest of the community with shrieks, ghosts and falling bodies as part of the Benedum Haunted House. No two years' productions are alike, and each rendition of the tradition brings out the statement that "this was truly the scariest ever!"

Paul R. Anderson Dining Room bore no resemblance to its normal self when it became the haven for ghosts and goblins the night of the Halloween Dinner. Students, faculty and staff — especially the infamous Ray Sager, who goes all out for a costume every year (this year he was Baldy Cooker's Crock Book) picked their brains for new and different ways to celebrate. Among all the goodies — Richard Nixon (Kathy Kimmel), Dracula (Michelle Gazica), and a fish (Dr. Mary Kostolas) joined with other costumed Chatham-ites to celebrate the "Hallowed Evening."

INTRAMURAL FOOTBALL

Last year's popular Recreation Association innovation came back full force to the quad of Chatham. Amid mud and puddles women who have never held a football in their hands tried their best to make a team of dorm members.

Strategically, the games were not Wide World of Sports material, but they were fun and, to each member, they were as important as the Super Bowl.

M. Lawless-Young

M. Lawless-Young

M. Lawless-Young

M. Lawless-Young

The National Shakespeare Company made a stop at Chatham College as part of its tour of college campuses across the nation. In two days and nights in the chapel, the company offered "As You Like It," a comedy, and the tragedy, "Julius Caesar," to members of the Chatham community and to groups of school children in the area, as a step in spreading drama to those who might not encounter it otherwise.

Outing Club

S. Colt

Some special people enjoy the call of the great outdoors. Rock climbing, trail blazing and other fresh air activities interest those women — the brave and hearty souls — who belong to the Chatham outing club. Special overnight trips and weekend excursions marked this first year of the club's existence.

Phoneathon

Every year several Chatham students volunteer to dial a few thousand phone numbers of various friends of the college in order to secure donations. The money which this phoneathon earns is used for maintaining the quality of education and assisting in the maintenance of the campus. Without the help of these students the phoneathon could never be the success that it is.

A Cocktail Party

The Alumnae Association annually sponsors a cocktail party in order to bring graduating seniors and alumnae together for drinks, food, and good conversation. Alums offer the seniors helpful advice and encourage them in their various fields of interests and job opportunities. Scanning the crowd there did not seem to be any communication problem between two groups who shared wine and conversation like old friends.

*All pictures by Peggy Chatham

An English Project

A delightful twist to Barbara Palmer's English class was the spring production they performed for the entire school on the quad. The class decided to make this their final project. Barbara Palmer played a striking God and the rest of the class played wonderful angels and frightening devils!

SPORTS
SPORTS
SPORTS

Field Hockey

There is no one type of person that can describe the "typical" Chatham athlete. No matter what strengths the woman exhibits, there is room for her on one of the inter-collegiate or intramural teams. The diversities are possible because all these women work for the common goals of the team; victory may not always be the outcome of a contest, but the Chatham women know what it takes to be a spirited unit — a team in every sense of the word.

The name of the field hockey game is endurance with a capital "E." Chatham women never shirked their duties where playing time was concerned and it was a rare game when Chatham did not hang tough until the end.

Team members include: Beth Blosser, Caroline Bombar, Dianne Bowen, Margie Clark, Suzy Colt, Joan Fisher, Carol Fox, Maggie Fukushima, Bonnie McElvery, Circe Olander, Heather Seneff, Carol Trefether, and Caroline Wager. Coach: Debbie Caban.

S. Colt

H. Knapp

S. Colt

R. Smith

H. Knapp

Tennis

Tennis is a delicate combination of finesse and power, of individual determination and team consistency. Chatham has the fortune of finding women who are strong individually and combine well to form doubles teams. The overall team provides formidable opposition for any takers.

Team members include: Kathy Allison, Beth Bercik, Rhonni Bradsher, Hilary Knapp, Baila Pakula, Mikaele Racine, Ellen Silverman, Mary Helen Staruch, Jacinta Synnott, and Alison Wolfson. Coach: Patience T. Blayden.

H. Knapp

H. Knapp

H. Knapp

H. Knapp

H. Knapp

H. Knapp

R. Smith

Soccer

The soccer craze is catching on across the nation and Chatham is no exception. The novelty of the sport invited many women to try their feet at Chatham athletics, and helped make Monday nights the most physically satisfying of the week.

Basketball

A word that could characterize the Chatham Basketball team during the 1979-1980 season should be improvement. The record does not reflect the time and effort put in by both team members and coach. Disillusionment never hit the majority of the team members, who stayed with the team and fought, if not for victory, then for respectability on the court.

The team consisted of Coach Debbie Caban, Captain Joan Fisher, Kathy Allison, Kim Briscoe, Ruth Price, Esther Rice, Ellen Silverman, Valyncia Whyte, and Alison Wolfson.

S. Colt

S. Colt

S. Colt

S. Colt

Volleyball

Strength, determination and skill together with great desire proved to be a winning combination for the volleyball team. Long nights of practice and missed classes were worth the extra study effort because it helped the team achieve the league standing of third place!

H. Knapp

H. Knapp

H. Knapp

H. Knapp

Softball

The Chatham Softball team combined a lot of determination with a lot of fun to have a great time on the softball field. Coached by Debbi Caban, the softball team gained a lot of experience and next year as veterans the team should go straight to the top.

ADMINISTRATION AND MANAGEMENT

The Administration and Management Program is designed to prepare students in the basic knowledge and skills required for the pursuit of careers in modern complex organizations. Director of the program, Pat Arnold serves as an instructor and as a consultant for organizations in the Pgh. area. Jyotsna Sanzgiri offers the enthusiasm and analytical skills required to teach management of organizations. As new members to the program, Bill Serafin taught the accounting courses while Chuck Schrenkai brought his marketing expertise to the classroom.

ART

The Art Department is divided into two sections devoted to the study of those elements that work together to produce a certain effect. The Studio Art instructors include Jerry Caplan, whose specialization is sculpture; Joe Shepler, a painter; Emma Masley, a textile designer; Shirley Stark is devoted to Art History and Howard Russell to Art Education.

Jerry Caplan
Professor of Art

Shirley Stark
Instructor, Art History

Joseph Shepler
Asst. Prof. Art

COMMUNICATION

The Communication Program offers the student the chance to study human communication theoretically, visually and verbally. Brenda Carter is the Director of the Program. New member, Amy Laurent-Vanderah, teaches both writing and photography courses while Bob Cooley lends his expertise as Director of Media Resources and instructor of media production.

Brenda Carter
Director of Communication Program/Lecturer in Communication

Janice Carver
Director of Computer Services/Lecturer, Information Science

INFORMATION SCIENCE

The Information Science curriculum under the Direction of Jan Carver has expanded its program with the addition of five courses.

DRAMA

The Drama Department, which devotes itself to the theater in its many aspects is headquartered in the Edward D. Eddy Theatre and the Woodland Playroom. Instructors in the Department include Jack Neeson, who teaches the basis of acting; Jerry Wenneker, whose specialization is British drama; Russ Stang, whose talents lie in the area of set design; and Peggy Melozzi, a Chatham graduate with interests in the theatre both as a performer and behind-the-scenes.

Jack Neeson
Assoc. Prof., Drama

ECONOMICS

The Economics Department focuses on the complexities of the modern economics system, both in the United States and abroad. Roswell Townsend is especially interested in the role of the corporation in the U.S. economy while Eugene Gendel's major field of interest is in labor economics.

Roswell Townsend
Mary Helen Marks
Prof. Economics

Eugene Gendel
Asst. Prof., Economics

EDUCATION

The Education Department strives to prepare its graduates for the role of teacher in rapidly changing schools. The Faculty includes Cheryl Campbell who is interested in the various role dimensions of teaching; Vivien Richman, who writes on identifying and correcting special learning problems; and Linda Rosenweig, whose extensive work is in the field of secondary social studies.

HISTORY

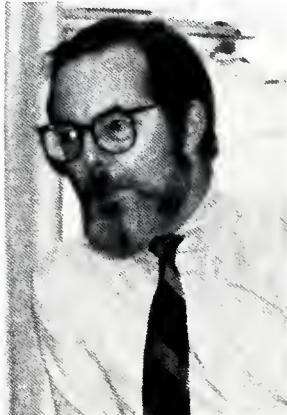

The study of the past as it influences the present and future is the focus of Chatham's history department. Instructors include Mimi Herwold, a self-described "cultural Historian"; Art Smith, whose major focus is on early modern European, English and U.S. Histories and Jane Wiegenstein, a specialist in European and Russia-Soviet histories.

ENGLISH

The English Department explores both British and American literature in hopes of discovering more about man and woman. Instructors include Don Adam, a specialist in 18 century English literature; John Cummins, a specialist in 19 century literature; Barbara Palmer, whose interests lie in Medieval and Renaissance literature; and Mary Culver, Joan Friedman, Cindy Stanley, Sandy Sternier.

MATHEMATICS

The study of numbers and their functions in different areas of expertise is the focus of the Math Department. Faculty in the Department include: Bill Beck, interested in analysis and applied mathematics; Christopher Burch; Dorothea Peeler, who supervises the math skills program; and Mary Ann Watkins.

LANGUAGE

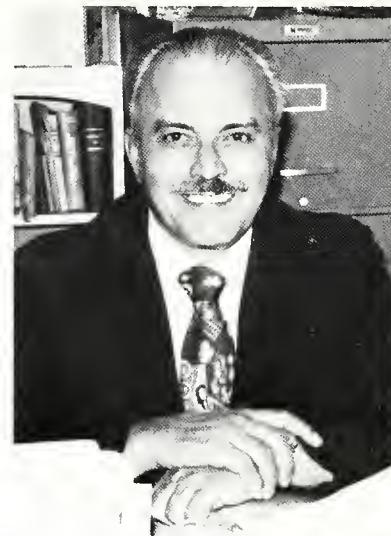

The Modern Language Department believes that knowledge of a second language and culture is increasingly essential in the modern world. Instructors include French, Harry Goldby, who specializes in historical and experimental phonetics; and Janet Walker, whose interests lie in 17 and 18 century literature and the works of the materialists. German, Sharon Jackiw, whose specialty is the German novel; Russian, Valentina Barsom, whose area of expertise is 19 century literature; Spanish, Orlando Jardini, whose specialty is 17 century Spanish literature and Mary Preuss, who mixes culture and language in her teaching.

PSYCHOLOGY

The Psychology Department offers the student the opportunity to study all aspects of human and animal behavior. Students are instructed by Frank Lackner, James Diggory, Greg Nicosia and Neil Rosenblum. Laboratory assistant is Marianna Flowers.

Frank Lackner
Professor, Psychology

THE SCIENCES

The study of living organisms, from plants to people, and their place in our universe, is the focus of the Biology Department. Norm Chmura's main interests in research and teaching are microbiology and genetics and the mechanics of disease; Keen Compher's research interests lie in the area of embryology; Conrad Hess focusses his attention on botany and Mary Kostalos devotes her research time to ecology and human nutrition.

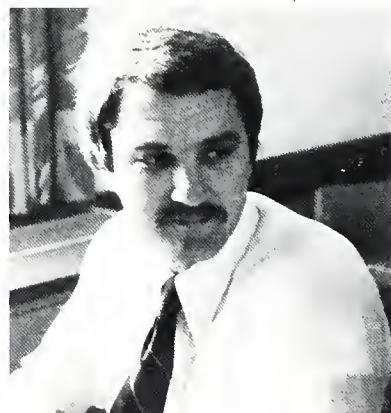

The Chemistry Department is geared to those who need a knowledge of chemistry for work in other related fields such as the health professions. The department's instructors include W. Dale Richey, whose interests are in the field of chemistry related to conservation of museum pieces; David Vanderah, who has done research on marine natural products; and Diane Wakefield, whose courses center around analytical chemistry.

SPRING
SPRING
SPRING

Spring Weekend

The wild, wild western days of yore came alive at Chatham for 1980's spring weekend. Western guitars hummed as cowboy-hatted ladies and gents gazed at homemade wares and tried their (Unskilled?) hands at such western pastimes as candle-dipping and (water) pistol shooting.

A barn dance in the dining hall marked the opening night of festivities, with booths and music all day Saturday and Sunday. Saturday night was the Gateway Clipper Dance Cruise for which the cowpokes laid aside their western wear for their Sunday-go-to-meetin'-best.

Toe Dabbling Day

For the first time in four years Toe Dabbling day was held on a beautiful sunny day. The only water to cloud the event was the water splashing from Mellon pond. The Juniors rang the chapel bells at 6 a.m. surprising the students with a "free day"; many spent the day out sunbathing. To conclude the day ARA services sponsored a picnic by the pond.

Dancing

Dancing — ballet and modern dance — is an able exercise and fun besides! Various classes held throughout the year helped some Chatham women get in touch with their bodies through choreographed movement — and sore muscles! At the end of the semester these students invited the Chatham community to share in their learning experiences through recitals and an open class.

Commencement

The day of May 23rd dawned clear, sunny and hot for the graduation of the class of 1980. One hundred and twenty-eight seniors received their diplomas under a canopy on the green near Mellon Pond and listened to the encouragements of both guest speaker Barbara Boyle-Sullivan and President Alberta Arthurs.

Commencement was more than a one-hour affair for the 108th graduating class. Thursday, May 22, was senior day, highlighted by the Junior skit at closing convocation and a Champagne Punch Reception for seniors and their families. The Degree Ceremonies themselves were followed by a Sangria reception on the foran and a luncheon catered by Ray Sager and ARA.

And so tenure at Chatham closed for some very special people . . . but orientation 1980 will mark the beginning for others.

*All graduation photos by Donna Vohar.

Bonnie McElvany and friends

H. Knapp

Liz Schooley and friends.

D. Vohar

A Map...

can show a city but it cannot show what a city is. There is a feeling inherent in the life of a city that can only be shown in the people who live within a city through their thoughts and actions — The buildings they build, the plays they perform, and the sports they follow fanatically.

Pittsburgh is . . .

a town unique, and Chatham is a part of that. Her people are our people and our people, though transplanted from many places, are hers for a time. Here the maps of our lives are drawn for a space of time that is special, and for a future imminent and exciting.
